DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance.

Claims 1 and 13 are allowable over the prior art of record because the prior art of record, taken alone or in combination, does not disclose "a plurality of power sources, each power source having a capacity less than each load and operable to be mounted in a rack location not having a load such that said capacity of said power sources is greater than said one or more loads.", along with the remaining features of the claim.

Claims 14 is allowable over the prior art of record because the prior art of record, taken alone or in combination, does not disclose "providing a plurality of power sources, each power source having a capacity less than each load and operable to be mounted in a rack location not having a load, the power sources being sufficient in number and capacity such that a combination of less than all of the sources is sufficient to power each load.", along with the remaining features of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
